

**BEFORE THE BOARD OF COUNTY COMMISSIONERS
FOR MULTNOMAH COUNTY, OREGON**

ORDINANCE NO.

**Establishing Lobbying Reporting Requirements and Improving Transparency in
Multnomah County**

(Language ~~stricken~~ is deleted; underlined language is new.)

The Multnomah County Board of Commissioners Finds:

- A. Transparency and accountability are the foundations for public trust in government.
- B. The State adopted lobbying rules in 1973, and many local governments around the state have since implemented similar measures - including Metro and the City of Portland.
- C. Community advocacy and direct input from County residents is vital in informing the Commission's priorities and ensuring County services meet community needs. It is also important that the Commission's deliberations are not unduly influenced by external interest groups or individuals.
- D. To ensure a fair decision making and deliberation process, it is essential that the County improve transparency by establishing lobbyist registration and reporting policies for lobbying entities to report the lobbying activities of those authorized to speak and act on their behalf.
- E. These rules intend to prevent actual quid pro quo corruption, or the direct exchange of an official act for valuable consideration, and are closely drawn for the sole legitimate interest of preventing corruption or the appearance of corruption.
- F. A delayed implementation date is proposed for the purpose of operationalizing this County program and developing a communication and education plan to inform members of the public and potential lobbyists of these regulations.

- G. During the initial implementation of the program, the Board supports, but does not require, letters of education in lieu of imposition of fines, as corrective action.
